

Available Courses for Special Non-Degree Status (SNDS) Students

Courses available to non-degree seeking students are core courses in the curriculum of most of our Master's and BSN-DNP Programs. You can take up to 12 credits as a graduate non-degree seeking student. Taking classes as a non-degree seeking student does not guarantee admission into a graduate program.

Class availability varies by term. Based on availability, graduate non-degree students may choose from:

Course	Description	Credits	Prerequisites
NUR 2000	Research for Evidenced Based Practice 1	2	NUR 2011 (or co - requisite)
NUR 2010	Health Promotion	3	
NUR 2011	Applied Statistics for Evidenced Based Practice	3	undergrad stats
*NUR 2004	Pathophysiology Across the Life Span	4	BSN
+*NUR 2034	Advanced Pharmacology	3	NUR 2004

*These courses are not required in the Health Systems Executive Leadership, Nursing Informatics, or School Nurse Concentrations.

+ This course is required within 5 years to take the National Certification Exam.

Graduate students in the School of Nursing must earn a B- or better in core courses in order to progress in a graduate program (School of Nursing policy 283). A student who receives a C+ or lower grade in a required course must repeat the course and receive a B- or better to successfully progress and/or complete the degree. No course may be repeated more than once.
